A college is people.

There are buildings filled with classrooms.

There is a campus covered with paths.

These are obviously necessary.

But—in essence,

A college is people.

A college is people  
People studying,  
working,  
playing—  
living in an  
established  
social framework.

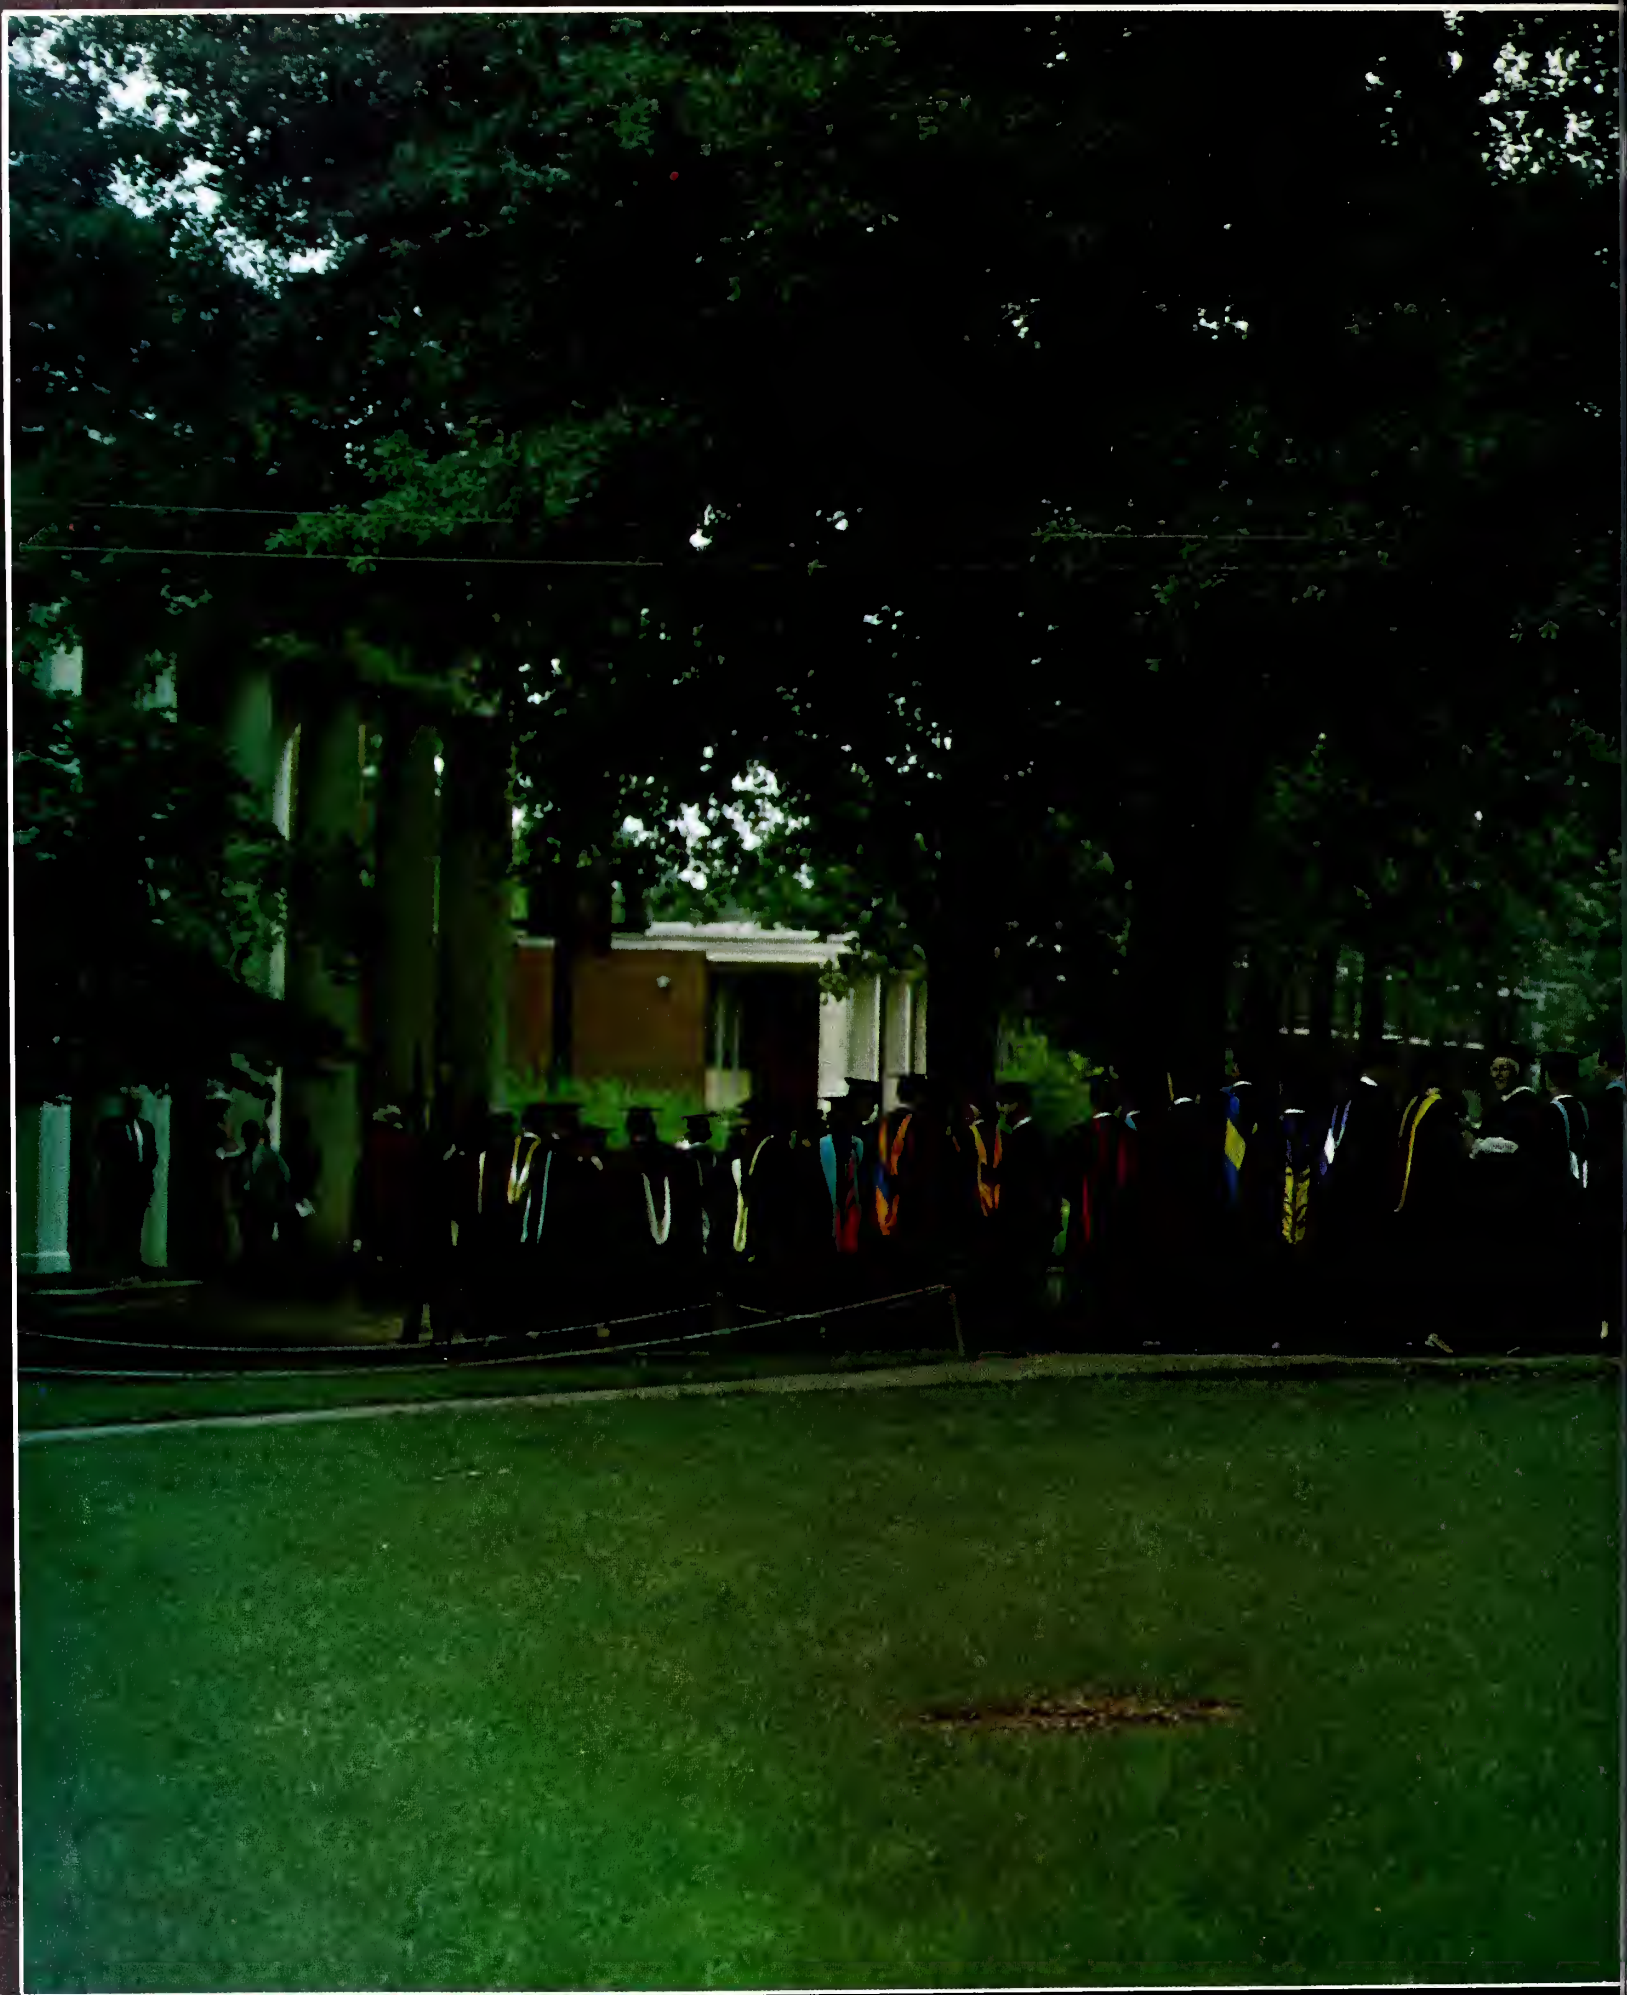

This book is a pictorial history of the year. Both the obscure and the obvious are part of this volume because it is composed of people's lives here. Upon this point, the emphasis remains because we feel that . . .

. . . a college is people.

# ORGANIZATIONS

# STUDENT GOVERNMENT ASSOCIATION

President  
BILLY WHITWORTH

The Student Government Association of West Georgia College serves as a link of communication between the students, the faculty and the administration. The SGA works to offer many types of social, cultural and intellectual events, trying in the process to involve as many students as possible.

The 1965-1966 school year has been one of the biggest yet for SGA at West Georgia. Its first project was a general revision of the SGA constitution, the addition of new and stronger committees, and the creation of the offices of Judiciary Chairman and SGA Treasurer.

Under the guidance of Dr. John Pershing, Dean of Student Affairs, there have been many important activities this year. Some of the major ones have been participation in the "Affirmation Viet Nam" Drive, sponsoring the lecture series "Politics '66," supporting the Blood Drive for Viet Nam, bringing bigger name entertainment to the campus, and aiding special committees in various projects.

Again this year SGA played a major role in the Southern Universities Student Government Association. S.U.S.G.A. acts as a link of communication between the colleges and universities in the Southeast, enabling the student leaders to exchange ideas and experiences in order to benefit each other in their roles of service and leadership to their respective student bodies. This year Wayne Seabolt, a senior at West Georgia, served as Chairman of S.U.S.G.A.

# WEST GEORGIAN

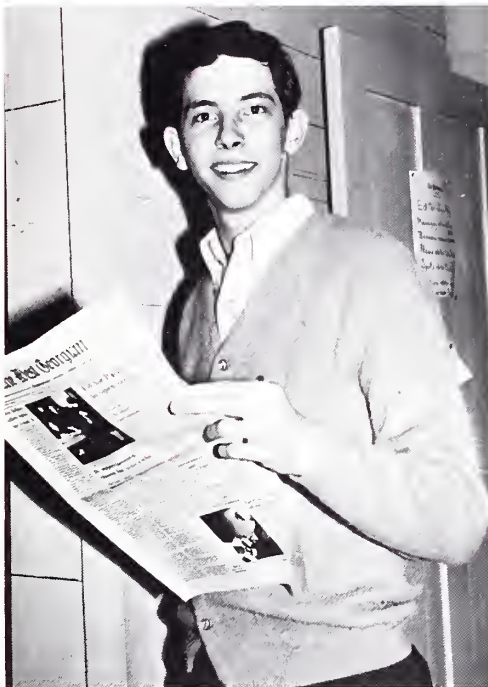

THE WEST GEORGIAN has a responsibility to the student body to inform by objective news coverage, to criticize or praise by editorial commentary, and to project the image of West Georgia to its students, faculty, and the general public. The newspaper provides an opportunity for its staff members to develop journalistic talent in writing, editing, and photography.

The weekly publication received awards for general excellence, feature writing, and news coverage in the Georgia Collegiate Press Association last year and received the All-American rating (highest possible) for the first time this year.

Staff members are selected from interested students who show promise in journalism, many of whom later become a credit to the "fourth estate" after their college days come to a close.

### WEST GEORGIA PLAYERS ALPHA THETA PRODUCTIONS

ALPHA THETA is the student organization of the speech and drama department of West Georgia College. Its purpose is to stimulate interest and promote skill in acting, directing, and stage management, as well as to further the knowledge of the individual in drama. It also gives each member an over-all concept of the ideals and practices in all aspects of theatre.

The club presents one three-act play at the end of each quarter during the regular school year. Major emphasis is placed on the development of the student as a well-adjusted individual who can express himself easily and effectively. Membership is open to any student interested in drama, who participates in a play production, either by acting or working on stage crews. The drama program of West Georgia College is designed so that audience, crews, and actors may be introduced to many styles of drama and production. The program attempts to embrace as much of the scope of theatre history as possible over a period of several seasons.

The year's activities will be culminated with the annual awards banquet. At this time, recognition will be given to the year's best actor, actress, supporting actor, and supporting actress.

For the First Time in four years, the West Georgia College Braves of 1965 failed to bring home the G.I.A.C. championship, as they finished the regular season deadlocked with Valdosta State and then lost the playoff 1-0. However, the Braves had an overall 16-3 record, a 7-2 conference slate and established many other records along the way. West Georgia's "Mr. Baseball", Ronnie Burchfield, became the first Brave ever to make All-American twice, and ace pitcher, Johnny DeVore, was named honorable mention All-American for the second straight season. Southpaw pitcher, Jimmy Blackwell, was also named to the top honorable mention team and was nationally recognized for winning the Gene Waldron award for academic and athletic records. Teamwise the Braves broke their N.A.I.A. fielding mark of .977 with a fantastic .982. They finished among the top teams in the nation in pitcher's ERA with a mark of 1.424 and in team batting with a .294 average. DeVore, Burchfield, Daniell, Jackson, and York achieved all G.I.A.C. status with Burchfield as the top conference batter with a .424 average. After the season, DeVore, Burchfield, and York all signed with professional teams.

OFFICE OF THE PRESIDENT

February 11, 1966

To the Student Body  
West Georgia College  
Carrollton, Georgia

Dear Students:

Greetings and salutations to all of you!

This is my fifth year in the most challenging and rewarding job of my life. The job is challenging because we wish to provide for you, and for the tens of thousands who will follow you in the sixties and seventies, the best possible education for life in our rapidly changing world—a world that may include far more than the puzzling planet, Earth, in your lifetime. And, the job is rewarding, because we see you growing intellectually, morally and physically; developing a greater sense of responsibility and commitment; and increasing your capacity for service to mankind, as well as for self-fulfillment.

We are extremely proud of the many excellent representatives we have among the students of West Georgia College. I wish to commend you and express my deep appreciation for the important part you are playing in enhancing the reputation of our beloved institution. With your continued help, and that of our dedicated faculty and staff, I am confident that our dream of a great college, providing an ideal place to live and learn, will soon be realized.

Sincerely and cordially yours,

WEST GEORGIA COLLEGE

## EDITOR'S EPITAPH

a college is people — from the incoming freshmen to the departing seniors — all merge to form the body of the collegiate institution. Their varied, changing lives give the college whatever life it possesses.

but how does a yearbook portray this movement . . . this feeling of people, life, change? . . . through pictures? . . . through words? . . . through experience?

we have tried in the 1966 Chieftain to blend all of this into a book that will bring to you in the future a remembrance of the past and the people who filled it.

this has been our purpose and only you can judge if we have fulfilled it.

a lot of work was required and I am very much indebted to the staff members who did not mind giving their time, energy and effort to this purpose.

the result is this volume which will, I hope, help you to remember that . . . a college is people.
